

K-LOVE is a positive influence on myself, my wife, and two daughters. We listen to K-LOVE almost exclusively. Because of its positive messages, music, and format I believe my wife and I have become better parents and hopefully better people. It is hard to describe but they are an amazingly positive influence on our family. We believe so strongly in K-LOVE that we support them financially. In today's world it is often times hard to find anything positive or uplifting. K-LOVE can do that even though it seems to be just a radio station. It is so much more than that. I have experienced the effects a certain song or message can have on the rest of your day. So has my wife. It can just turn your day around for the better. K-LOVE is so encouraging and has such an incredible message that I believe it would leave a void in a lot of people's lives if it were to be replaced by LPFMs. Thank you. Randy and Tina Schmidt
